## DECLARATION I

### Joint Declaration on the actors of the partnership (Article 6)

The Parties agree that the definition of civil society may differ significantly according to the socio-economic and cultural conditions of each ACP country. However, they believe that this definition may include inter alia the following organisations: human rights groups and agencies, grassroots organisations, women's associations, youth organisations, child-protection organisations, environmental movements, farmers' organisations, consumers' associations, religious organisations, development support structures (NGOs, teaching and research establishments), cultural associations and the media.

## DECLARATION II

### Declaration of the Commission and the Council of the European Union on the clause concerning the return and readmission of illegal immigrants (Article 13(5))

Article 13(5) shall be without prejudice to the internal division of powers between the Community and its Member States for the conclusion of readmission agreements.

## DECLARATION III

### Joint Declaration on participation in the Joint Parliamentary Assembly (Article 17(1))

The Parties reaffirm the role of the Joint Parliamentary Assembly in promoting and defending democratic processes through dialogue between members of parliament, and agree that the participation of representatives who are not members of a parliament, as set out in Article 17, shall be allowed only in exceptional circumstances. Such participation shall be subject to the approval of the Joint Parliamentary Assembly before each session.

## DECLARATION IV

### Community Declaration on the financing of the ACP Secretariat

The Community shall contribute to the cost of running the ACP Secretariat from intra-ACP cooperation resources.

## DECLARATION V

### Community Declaration on the financing of the joint institutions

The Community, being aware that expenditure in connection with interpreting at meetings and the translation of documents is expenditure incurred essentially for its own requirements, is prepared to continue past practice and meet this expenditure both for meetings of the institutions of the Agreement which take place in the territory of a Member State and those which take place in the territory of an ACP State.

## DECLARATION VI

### Community Declaration relating to the Protocol on privileges and immunities

The Protocol on privileges and immunities is a multilateral act from the point of view of international law. However, any specific problems that may arise in the host State regarding the application of this Protocol should be settled by bilateral agreement with that State.

The Community has noted the ACP States' requests that certain provisions of Protocol 2 be modified, notably as regards the status of the staff of the ACP Secretariat, the Centre for the Development of Enterprise (CDE) and the Centre for the Development of Agriculture (CTA).

The Community is willing to seek jointly appropriate solutions in respect of the ACP States' requests with a view to establishing a separate legal instrument as referred to above.

In this context, the host country will, without derogating from the present benefits enjoyed by the ACP Secretariat, the CDE, the CTA and their staff:

- (1) Show understanding as regards the interpretation of the expression "staff of senior rank", such an interpretation to be arrived at by mutual agreement;
- (2) Recognise the powers delegated by the President of the Council of ACP Ministers to the Chairman of the ACP-EC Committee of Ambassadors, in order to simplify implementation of Article 9 of the Protocol;
- (3) Agree to grant certain facilities to the staff of the ACP Secretariat, the CDE and the CTA to facilitate initial installation in the host country;
- (4) Examine in an appropriate way tax-related questions concerning the ACP Secretariat, the CDE and the CTA and their staff.

## DECLARATION VII

Declaration by the Member States relating to the Protocol on privileges and immunities

The Member States shall strive, in the context of their respective regulations, to facilitate throughout their respective territories, the movement in pursuit of their official duties of ACP diplomats accredited to the Community, members of the ACP Secretariat referred to in Article 7 of Protocol 2, whose names and positions shall be communicated in accordance with Article 9 of that Protocol, and the ACP executives of the CDE and the CTA.

## DECLARATION VIII

Joint Declaration relating to the Protocol on privileges and immunities

Within the context of their respective regulations, the ACP States shall grant Commission delegations privileges and immunities similar to those granted to diplomatic missions so that they are able to carry out the functions incumbent on them under the Agreement in a satisfactory and effective manner.

## DECLARATION IX

### Joint Declaration on Article 49 (2) on trade and environment

Keenly aware of the specific risks attaching to radioactive waste, the Parties will refrain from any practice of discharging such waste which would encroach upon the sovereignty of States or threaten the environment or public health in other countries. They attach the greatest importance to developing international cooperation to protect the environment and public health against such risks. They accordingly affirm their determination to play an active part in the work being done in the IAEA to produce an internationally approved code of good practice.

Council Directive 92/3/Euratom of 3 February 1992 on the supervision and control of shipments of radioactive waste between Member States and into and out of the Community defines the term "radioactive waste" as any material, which contains or is contaminated by radio-nuclides and for which no use is foreseen. The Directive is applicable to shipments of radioactive waste between Member States and into and out of the Community whenever the quantities and concentration exceed the levels laid down in Article 3(2)(a) and (b) of the Council Directive 96/29/Euratom of 13 May 1996. The defined levels ensure basic safety standards for the protection of health of workers and the general public against the dangers arising from ionising radiation.

Shipments of radioactive waste are subject to a system of prior authorisation as defined in Directive 92/3/Euratom of 3 February 1992 on the supervision and control of shipments of radioactive waste between Member States and into and out of the Community. Article 11(1)b of the Directive stipulates that the competent authorities of Member States shall not authorise shipments of radioactive waste to a State party to the Fourth ACP-EEC Convention which is not a member of the Community, taking account, however, of Article 14. The Community ensures that Article 11 of Directive 92/3/Euratom will be revised to cover all Parties of this Agreement which are not members of the Community. Until then, the Community will act, as if the abovementioned parties would already be covered.

The Parties shall make every effort to sign and ratify as quickly as possible the Basle Convention on the Control of Transboundary Movements of Hazardous Wastes and their Disposal, as well as the 1995 amendment to the Convention, as laid down in Decision III/1.

## DECLARATION X

### ACP Declaration on trade and environment

The ACP States are seriously concerned about environmental problems in general and the transboundary movement of hazardous, nuclear and other radioactive wastes in particular.

In interpreting and implementing the provisions of Article 32(1)(d) of the Agreement, the ACP States have expressed their determination to be guided by the principles and the provisions of the OAU Resolution on the Control of Transboundary Movements of Hazardous Wastes and their Disposal in Africa as contained in AHG 182 (XXV).

## DECLARATION XI

### Joint Declaration on the ACP cultural heritage

1. The Parties express their common will to promote the preservation and enhancement of the cultural heritage of each ACP country, at the international, bilateral and private level and in the context of this Agreement.
2. The Parties acknowledge the need to facilitate the access of ACP historians and researchers to archives with a view to promoting the development of exchange of information on the cultural heritage of ACP States.
3. They acknowledge the usefulness of providing assistance for the appropriate activities conducted especially in the area of training, for the preservation, protection and exhibition of cultural properties, monuments and objects, including the promulgation and implementation of appropriate legislation.
4. They underpin the importance of undertaking common cultural activities, facilitating the mobility of ACP and European artists, as well as the exchanges of cultural objects which are symbolic of their cultures and civilisations with a view to enhancing mutual understanding and solidarity between their respective populations.

## DECLARATION XII

### Declaration by the ACP States on return or restitution of cultural property

The ACP States urge the Community and its Member States, insofar as they acknowledge the legitimate right of the ACP States to cultural identity, to promote the return or restitution of cultural property taken from ACP States and now to be found in Member States.

## DECLARATION XIII

### Joint Declaration on copyright

The Parties acknowledge that promotion of copyright protection is an integral part of cultural cooperation, the aim of which is to enhance all forms of human expression. Furthermore, such protection is a prerequisite for nurturing and developing production, dissemination and publishing activities.

Consequently, the two Parties shall, in the context of ACP-EC cultural cooperation, seek to promote and foster respect for copyright and related rights.

In this context, and in accordance with the rules and procedures laid down by the Agreement, the Community may offer financial and technical support for disseminating copyright information, training economic operators in the protection of such rights and drafting national legislation for their better protection.

## DECLARATION XIV

### Joint Declaration on regional cooperation and the outermost regions (Article 28)

The reference to the outermost regions concerns the Spanish autonomous community of the Canary Islands, the four French overseas departments, namely Guadeloupe, Guyana, Martinique and Réunion, and the Portuguese autonomous regions of the Azores and Madeira.

## DECLARATION XV

### Joint Declaration on accession

Any accession of a third State to this Agreement shall be made in compliance with the provisions of Article 1 and the objectives of Article 2 laid down by the ACP Group in the Georgetown Agreement as amended in November 1992.

## DECLARATION XVI

### Joint Declaration on accession of the overseas countries and territories referred to in Part Four of the EC Treaty

The Community and the ACP States are prepared to allow the overseas countries and territories referred to in Part Four of the Treaty which have become independent to accede to this Agreement, if they wish to continue their relations with the Community in this form.

## DECLARATION XVII

### Joint Declaration on Article 66 (debt relief) of the Agreement

The Parties agree on the following principles:

- (a) In the longer-term, the Parties will seek an improvement of the Heavily Indebted Poor Countries initiative and promote a deepening, broadening and speeding up debt relief to ACP Countries;
- (b) The Parties will also seek the mobilisation and establishment of support mechanisms for debt reduction in favour of ACP countries who are not yet eligible for the HIPC initiative.

## DECLARATION XVIII

### EU Declaration on the Financial Protocol

Within the overall amount of EUR 13 500 million of the 9th EDF, EUR 12 500 million shall be made available immediately upon the entry into force of the Financial Protocol. The remaining EUR 1 000 million shall be released on the basis of the performance review referred to in paragraph 7 of the Financial Protocol that shall be undertaken in 2004.

In evaluating the need for new resources, full account shall be taken of this performance review as well as of a date beyond which the funds of the 9th EDF will not be committed.

## DECLARATION XIX

### Declaration by the Council and the Commission on the Programming Process

The Community and its Member States reaffirm their attachment to the agreement on a reform of the programming process for implementation of assistance financed from the 9th EDF.

In this context, the Community and its Member States regard a properly implemented review mechanism as the most important tool for successful programming. The review process that has been agreed for governing the implementation of the 9th EDF will ensure continuity in the programming process while allowing for regular adjustments of the Country Support Strategy to reflect developments in needs and performance of the ACP State concerned.

In order to reap the full benefits of the reform and ensure the efficiency of the programming process, the Community and its Member States reaffirm the political commitment to the following principles:

The reviews must as far as possible be carried out in the ACP State concerned. Localising the reviews shall not imply that the Member States or the Commission Headquarters shall be prevented from following and being involved in the programming process as appropriate.

The time frames that have been set for completion of the reviews shall be respected.

The reviews must not be an isolated event in the programming process. The reviews shall be regarded as management tools, which synthesise the results of the regular (monthly) dialogue between the National Authorising Officer and the Commission's Head of Delegation.

The reviews must not increase the administrative burden of either of the Parties concerned. The procedures and reporting requirements surrounding the programming process must therefore be managed in a disciplined manner. To this end, the respective roles of the Member States and the Commission in the decision making process will be reviewed and adapted.

## DECLARATION XX

### Joint Declaration on the Impact of Export Revenue Fluctuations on Vulnerable Small, Island and Landlocked ACP States

The Parties note the concern of ACP States that the modalities of the mechanism for additional support to countries suffering from fluctuation of export revenues may not provide sufficient support to vulnerable small, island and landlocked States subject to volatile export revenues.

From the second year of operation of the mechanism, and on request of one or more ACP States who have met with difficulties, the Parties agree to re-examine the modalities of the mechanism on the basis of a proposal from the Commission, with a view, where necessary, to remedy the effects of such fluctuations.

## DECLARATION XXI

### Community Declaration on Article 3 of Annex IV

The notification of the indicative amount referred to in Article 3 of Annex IV, will not apply to the ACP States with whom the Community has suspended its cooperation.

## DECLARATION XXII

### Joint Declaration concerning agricultural products referred to in Article 1(2)(a) of Annex V

The Parties have taken note that the Community intends to take the measures mentioned in the Annex, and which are laid down at the date of signing of the Agreement, with a view to granting ACP States the preferential treatment provided for in Article 1(2)(a), for certain agricultural and processed products.

They have taken note that the Community declares that it will take all the measures required to ensure that the corresponding agricultural regulations are adopted in good time and that, wherever possible, they come into force at the same time as the interim arrangements which will be introduced after the signing of the successor Agreement to the Fourth ACP-EC Convention signed in Lomé on 15 December 1989.

## DECLARATION XXIII

### Joint Declaration on market access in the ACP-EC Partnership

The Parties accept the fact that both sides expect to take part in the negotiations and implementation of agreements leading to further multilateral and bilateral trade liberalisation.

The Parties note the Community's commitment to provide least developed countries with free market access for essentially all products by 2005.

At the same time they recognise, with respect to ACP preferential access to the Community market, that this wider process of liberalisation could lead to a deterioration in the relative competitive position of the ACP States which would threaten their development efforts, which the Community is concerned to support.

The Parties therefore agree to examine all necessary measures in order to maintain the competitive position of the ACP States on the Community market during the preparatory period. This examination may include, inter alia, calendar requirements, rules of origin, sanitary and phytosanitary measures and implementation of specific measures addressing supply side constraints in the ACP countries. The objective will be to offer ACP countries possibilities to exploit their existing and potential comparative advantage on the Community market. Bearing in mind their commitment to cooperation in the WTO, the Parties agree that this examination will also take into account any extension within the WTO of the trade advantages which may be offered by member countries to developing countries.

To this end, the Joint Ministerial Trade Committee should make recommendations on the basis of an initial review to be prepared by the Commission and the ACP Secretariat. The EC Council will examine these recommendations on the basis of a proposal from the Commission, with a view to preserving the benefits of the ACP-EC trade arrangement.

The Council of the European Union, for its part, underlines its obligation to take into account the effect of any agreement or other measures to be taken by the EC on ACP-EC trade. It requests the Commission to carry out the necessary impact assessments on a systematic basis.

The measures will relate to the preparatory period and will take due account of the Community's common agricultural policy.

The Joint Ministerial Trade Committee shall monitor the implementation of this Declaration and make appropriate reports to the Council of Ministers.

## DECLARATION XXIV

### Joint Declaration on rice

1. The Parties recognise the importance of rice for the economic development of a number of ACP countries in terms of employment, foreign exchange and social and political stability.
2. They further recognise the importance of the Community market for rice. The Community reaffirms its commitment to enhance the competitiveness and efficiency of the ACP rice sector in order to maintain a viable and sustainable industry and thereby contribute to the smooth integration of ACP countries into the world economy.

3. The Community is prepared to provide sufficient funds to finance during the preparatory period, in consultation with the ACP sector concerned, an integrated sector-specific programme for the development of ACP exporters of rice which could in particular include the following measures:

- improvement of conditions of production and enhancement of quality through action in the areas of research, harvesting and handling;
- transport and storage;
- enhancing the competitiveness of existing exporters of rice;
- assisting ACP rice producers to meet environmental and waste management standards and other norms in the international markets, including the Community;
- marketing and trade promotion;
- programmes designed to develop value added by-products.

This package of measures will be financed in ACP rice exporting nations on a national basis, by agreement of both Parties, through specific sectoral programmes in accordance with programming rules and methods and in the short term through unallocated EDF resources after a decision of the Council of Ministers.

4. The Parties reiterate their commitment to cooperate closely in order to ensure that the ACP States can benefit fully from the Community trade preferences for rice. They agree on the importance of effective and transparent implementation of all rice exports to the Community of ACP origin.

5. The Community will examine after the entry into force of the agreement the position of the ACP rice sector in the light of future changes occurring on the Community's rice market. To this end, the Parties agree to create with the ACP and representatives of the sector concerned, a joint working party, which shall meet annually. The Community further undertakes to consult the ACP States on any bilateral or multilateral decisions which may have an impact on the competitive position of the ACP rice industry in the Community market.

## DECLARATION XXV

### Joint Declaration on rum

The Parties recognise the importance of the rum sector for the economic and social development of several ACP countries and regions and its major contribution in providing employment, export earnings and Government revenues. They acknowledge that rum is a value added agro-industrial ACP product capable, if appropriate efforts are undertaken, of competing in a global economy. They therefore acknowledge the need to take all measures that might be necessary to overcome the competitive disadvantage, which ACP producers are presently facing. In this context they also note the undertaking contained in the Council and Commission Declaration of 24 March 1997 to fully take into account in any future negotiations and arrangements related to the rum sector, the impact of the EC-US agreement to eliminate the duty on certain spirituous beverages of the same date. They also recognise the urgent need for ACP producers to become less dependent on the commodity rum market.

The Parties therefore agree on the need for the rapid development of the ACP rum industry so as to allow exporters of ACP rum to compete on the Community and the international spirits markets.

To this end, they agree to implement the following measures:

- (1) Rum, arak and tafia originating in the ACP countries or regions falling under HS Code 22 08 40 shall be imported under this Agreement and any successor agreement to this Agreement, duty free and without quantitative limitations.
- (2) The Community undertakes to ensure fair competition in the Community market and that ACP rum is not disadvantaged or discriminated against in the EU market, in relation to third country rum producers.
- (3) The Community will, when considering any request for derogation to the provisions of Article 1.4(1) and (2) of Council Regulation (EC) No 1576/1989 of 29 March 1989 consult with and take account of the particular interests of ACP countries.
- (4) The Community is prepared to provide sufficient funds to finance during the preparatory period, in consultation with the ACP sector concerned, an integrated sector-specific programme for the development of ACP exporters of rum, which could in particular include the following measures:
  - enhancing the competitiveness of existing exporters of rum;
  - assist in creation of rum marques or brands by ACP region or country;
  - enabling marketing campaigns to be designed and implemented;

- assist ACP rum producers to meet environmental and waste management standards and other norms in the international markets including the Community market;
- assist the ACP rum industry to move out of bulk commodity production into higher value branded rum products.

This package of measures will be financed on a national and regional basis, by agreement of both parties, through specific sectoral programmes in accordance with programming rules and methods and, in the short term, through unallocated EDF resources after a decision of the Council of Ministers.

- (5) The Community commits itself to examine the impact on the ACP industry of the indexation of the price point incorporated in the Memorandum of Understanding on rum in the agreement on white spirits of March 1997 at which duties on non-ACP rum are applied. In this light it will take, where necessary, appropriate measures.
- (6) The Community undertakes to conduct appropriate consultations with the ACP through a joint working party, which shall meet regularly, on specific issues arising from these undertakings. The Community further undertakes to consult the ACP States on any bilateral or multilateral decisions, including tariff reductions and the enlargement of the Community, which may impact on the competitive position of the ACP rum industry in the Community market.

## DECLARATION XXVI

### Joint Declaration on beef and veal

1. The Community undertakes to ensure that the ACP States, beneficiaries of the Protocol on beef and veal, derive full benefits therefrom. To this end, it commits itself to give effect to the provisions of this protocol by enacting in a timely fashion appropriate rules and procedures.
2. The Community further undertakes to implement the protocol so that ACP States can market their beef and veal throughout the year without undue restrictions. In addition, the EC will assist the ACP beef and veal exporters to improve their competitiveness through, inter alia, addressing supply-side constraints, in accordance with the development strategies set out in this Agreement and within the context of National and Regional Indicative Programmes.
3. The Community will examine the requests of ACP Least-Developed-Countries to export their beef and veal under preferential conditions in the context of the actions it intends to take under the WTO's Integrated Framework for Least-Developed-Countries.

## DECLARATION XXVII

Joint Declaration on the arrangements governing access to the markets  
of the French overseas departments for products originating in the ACP States  
referred to in Article 1(2) of Annex V

The Parties reaffirm that the provisions of Annex V apply to the relations between the French overseas departments and the ACP States.

The Community shall have the right during the life of the Agreement to amend, in the light of the economic development requirements of the French overseas departments, the arrangements governing access to the latter's markets for products originating in the ACP States referred to in Article 1(2) of Annex V.

When examining the possible application of this right, the Community will take into consideration the direct trade between the ACP States and the French overseas departments. Information and consultation procedures shall apply between the parties concerned in accordance with Article 12 of Annex V.

#### DECLARATION XXVIII

##### Joint Declaration on cooperation between ACP States and the neighbouring overseas countries and territories and French overseas departments

The Parties shall encourage greater regional cooperation in the Caribbean, the Pacific and the Indian Ocean involving ACP States and the neighbouring overseas countries and territories and French overseas departments.

The Parties call upon interested Parties to consult each other on the procedure for promoting such cooperation and, in this context, to take measures, in line with their respective policies and their specific situation in the region, which will permit initiatives in the economic field, including the development of trade, as well as in the social and cultural fields.

Where there are trade agreements involving French overseas departments, such agreements may provide for specific measures in favour of products from those departments.

Issues relating to cooperation in these different areas shall be brought to the attention of the Council of Ministers, so that it can be duly informed of the progress achieved.

#### DECLARATION XXIX

##### Joint Declaration on products covered by the common agricultural policy

The Parties recognise that products covered by the common agricultural policy follow specific rules and regulations, in particular with regard to safeguard measures. The provisions of the Agreement concerning the safeguard clause may be applied to these products only insofar as they are consistent with the specific nature of these rules and regulations.

#### DECLARATION XXX

##### ACP Declaration on Article 1 of Annex V

Conscious of the imbalance and the discriminatory effect resulting from the most-favoured-nation treatment applicable to products originating in the ACP States on the Community market under Article 1(2)(a) of Annex V, the ACP States reaffirm their understanding that the consultations provided for under this Article shall ensure that the ACP States' main exportable products benefit from treatment at least as favourable as that granted by the Community to countries enjoying the most-favoured-third-state treatment.

In addition similar consultations shall take place in cases where:

- (a) one or more ACP States show potentialities for one or more specific products for which preferential third states enjoy more favourable treatment;
- (b) one or more ACP States envisage exporting to the Community one or more specific products for which preferential third states enjoy more favourable treatment.

#### DECLARATION XXXI

##### Community Declaration on Article 5(2)(a) of Annex V

While agreeing to the reproduction of the text of Article 9(2)(a) of the Second ACP-EEC Convention in Article 5(2)(a) of Annex V, the Community reaffirms the interpretation of that text, namely that the ACP States shall grant to the Community treatment no less favourable than that which they grant to developed States under trade agreements where those States do not grant the ACP States greater preferences than those granted by the Community.

#### DECLARATION XXXII

##### Joint Declaration on non-discrimination

The Parties agree that notwithstanding specific provisions of Annex V to this Agreement, the Community shall not discriminate between ACP States in the trade regime provided for in the framework of that Annex, taking account however of the provisions of this Agreement and of specific autonomous initiatives in the multilateral context, such as that in favour of the least developed countries pursued by the Community.

### DECLARATION XXXIII

#### Community Declaration on Article 8(3) of Annex V

Were the Community to adopt the strictly necessary measures referred to in this Article, it would endeavour to seek those which, by reason of their geographical scope or the types of products concerned, would least disturb the exports of the ACP States.

### DECLARATION XXXIV

#### Joint Declaration on Article 12 of Annex V

The Parties agree that the consultations referred to in Article 12 of Annex V should take place in accordance with the following procedures:

- (i) the two Parties will provide all necessary and relevant information on the specific issue(s) in good time to enable an early initiation of the discussions, and in any event not later than one month after the request for consultation is received,
- (ii) the three-month consultation period will start from the date of receipt of this information. Within these three months, technical examination of such information shall be completed within one month, and joint consultations at the level of the Committee of Ambassadors shall be completed within two further months,

- (iv) in the event that no mutually acceptable solution is adopted by the Council of Ministers, the Council will decide what other steps should be taken in order to resolve the differences identified in the consultations.

#### DECLARATION XXXV

##### Joint Declaration relating to Protocol 1 of Annex V

If special tariff treatment were to be applied by the ACP States to imports of products originating in the Community, including Ceuta and Melilla, the provisions of Protocol 1 would apply *mutatis mutandis*. In all other cases where the treatment applied to imports by the ACP States necessitates the provision of proof of origin, those States shall accept certificates of origin drawn up in accordance with the relevant international agreements.

#### DECLARATION XXXVI

##### Joint Declaration relating to Protocol 1 of Annex V

1. For the purposes of applying Article 12(2)(c) of the Protocol, the shipping certificate, issued in the first port of embarkation for the Community, shall be equivalent to the through bill of lading for products covered by movement certificates issued in landlocked ACP States.

2. Products exported from landlocked ACP States which are warehoused elsewhere than in the ACP States or the countries and territories referred to in Annex III to the Protocol may be the subject of movement certificates issued under the circumstances referred to in Article 16 thereof.
3. For the purposes of Article 15(4) of the Protocol, certificates EUR.1 issued by a competent authority and endorsed by the customs authorities will be accepted.
4. In order to help ACP enterprises in their efforts to find new sources of supply with a view to benefiting to the maximum extent from the provisions of the Protocol as regards cumulation of origin, steps will be taken to ensure that the Centre for the Development of Enterprise provides assistance to ACP operators in the establishment of appropriate contacts with suppliers in the ACP States, the Community and the countries and territories, as well as to promote relations in the field of industrial cooperation among the operators concerned.

## DECLARATION XXXVII

### Joint Declaration relating to Protocol 1 of Annex V on the origin of fishery products

The Community acknowledges the right of the coastal ACP States to the development and rational exploitation of the fishery resources in all waters within their jurisdiction.

The Parties agree that the existing rules of origin have to be examined in order to determine what possible changes may have to be made in the light of the first paragraph.

Conscious of their respective concerns and interests, the ACP States and the Community agree to continue examining the problem posed by the entry, onto Community markets, of fishery products from catches made in zones within the national jurisdiction of the ACP States, with a view to arriving at a solution satisfactory to both sides. This examination will take place in the Customs Cooperation Committee, assisted, when necessary, by the appropriate experts, after entry into force of the Agreement. The results of this examination shall be submitted, within the first year of application of the Agreement, to the Committee of Ambassadors and, at the latest during the second year, to the Council of Ministers for their consideration with a view to arriving at a solution satisfactory to both sides.

For the time being, as regards the processing of fishery products in the ACP States, the Community declares that it is willing to examine with an open mind requests for derogations from the rules of origin for processed products in this production sector based on the existence of compulsory landing requirements provided for in fishery agreements with third countries. The examination the Community is to make will take into account in particular the fact that the third countries concerned should ensure the normal market for such productions, following processing, insofar as the latter are not intended for national or regional consumption.

#### DECLARATION XXXVIII

##### Community Declaration relating to Protocol 1 of Annex V on the extent of territorial waters

The Community, recalling that the relevant acknowledged principles of international law restrict the maximum extent of territorial waters to 12 nautical miles, declares that it will take account of this limit in applying the provisions of the Protocol wherever the latter refers to this concept.

## DECLARATION XXXIX

### ACP Declaration relating to Protocol 1 of Annex V on the origin of fishery products

The ACP States reaffirm the point of view they expressed throughout the negotiations on the rules of origin in respect of fishery products and consequently maintain that following the exercise of their sovereign rights over fishery resources in the waters within their national jurisdiction, including the exclusive economic zone, as defined in the United Nations Convention on the Law of the Sea, all catches effected in those waters and obligatorily landed in ports of the ACP States for processing should enjoy originating status.

## DECLARATION XL

### Joint Declaration on the application of the value tolerance rule in the tuna sector

The European Community undertakes to implement adequate provisions to give full effect to the application in the tuna sector of the value tolerance rule, provided for in Article 4(2) of Protocol 1 of Annex V. To this end, the Community will submit by the date of signature of this Agreement the conditions under which the 15% non-originating tuna may be used pursuant to this Article.

The Community proposal will specify how the method of calculation shall be based on the EUR. 1 movement certificate.

The two Parties agree, if difficulties arise in achieving the flexibility aimed at by the application of this method, to undertake a revision of the method after two years of its application.

## DECLARATION XLI

### Joint Declaration on Article 6(11) of Protocol 1 of Annex V

The Community agrees to consider, in the light of Article 40 of Protocol 1, and on a case-by-case basis, any substantiated requests presented after the signing of the Agreement regarding textile products excluded from cumulation with neighbouring developing countries (Article 6(11) of Protocol 1).

## DECLARATION XLII

### Joint Declaration on rules of origin: cumulation with South Africa

## DECLARATION XLIII

### Joint Declaration on Annex 2 to Protocol 1 of Annex V

If in the application of the rules contained in Annex II, ACP States' exports are adversely affected, the Community will examine and, where necessary, adopt appropriate corrective measures to remedy the situation with a view to re-establishing the ex-ante situation (Decision 2/97 of the Council of Ministers).

The Community has noted the requests made by ACP States on rules of origin in the context of the negotiations. The Community agrees to consider any substantiated requests for improvement of the rules of origin contained in Annex II in the light of Article 40 of Protocol 1 and on a case-by-case basis.
